NAME OF SCHOOL(s) PREVIOUSLY ATTENDED: __________________________________________________

Authority for Data Collection: Title 38, United States Code, Chapter 36, Section 3676 (b)(12)

Planned Use of Data: The school must use this form in its entirety to provide a record by which previous education and training may be evaluated and credit given to the student. It also provides a record of such credit and reduction of program length and cost as required by law.

Instructions: Students receiving VA educational benefits do not have the “option” of having prior credit reviewed. ALL previous education and training must be provided to the school for review. If credit is being claimed for postsecondary education, a transcript must be provided. Credit for experience should also be granted, if justified by the school’s evaluation of the student’s skills. Attach additional pages as needed. The completed form must be maintained in each student’s file. Credit for previous education and training cannot be granted until this form is completed and signed by the school official and the student.
